

CRITICAL SKILLS FOR THE MODERN LEARNER

EverFi is the leading education technology company focused on teaching, assessing, and certifying students in the critical skills they need to thrive. Our cutting-edge digital courses are provided at **no charge** to schools, via our partnerships with private sector leaders and forward-leaning foundations and non-profits.

The EverFi Learning Platform

Through our digital courses, EverFi empowers teachers to bring critical skills education to their classrooms. With web-based resources on topics including financial literacy, STEM readiness, diversity & inclusion, entrepreneurship and health & wellness, EverFi helps teachers address important topics that may not be part of their traditional curriculum. All of EverFi's courses map to appropriate state and national standards and our analytics platform provides teachers with real-time access to student knowledge gain data. Review our catalogue of courses below to decide which one, or two, you would like to implement in your classroom!

Financial Capability

Vault-Understanding Money™

Recommended Grade Levels: 4th-5th

Empower students to be smart financial decision-makers while they are early in their cognitive development. By leveraging performance-based games, Vault immerses students in real-life financial scenarios that focus on skill building and responsible decision making, covering everything from saving to making a budget.

FutureSmart™

Recommended Grade Levels: 6th-8th

FutureSmart™ empowers students to become the stewards of their financial futures. This course educates students on the practicalities of daily financial decisions, and the payoffs of long-term planning. From weighing opportunity costs, to delaying instant gratification for long-term gain, students face important questions on their way to becoming FutureSmart™.

FINANCIAL LITERACY EDUCATION
PLAY THE EVERFI LIFE GAME

START HERE

- 1 SAVINGS**
Learn about the power of interest, and how a few smart financial habits can help you reach your savings goals.
- 2 BANKING**
Learn the fundamentals of the U.S. banking system and how to select, use, and monitor your bank accounts.
- 3 PAYMENT TYPES**
Explore the wide variety of payment types, and delve into the world of how to select and use credit cards.
- 4 CREDIT SCORE**
See how a credit score is calculated, why it matters, and how to effectively monitor your credit history.

EverFi-Financial Literacy™

Recommended Grade Levels: 9th-12th

Build the foundation for future financial well being. This digital course covers core financial topics including everything from common account types to the basics of investing. Students are able to apply their learning in safe, virtual environments to weigh the consequences of their choices and practice good decision-making.

EverFi Course Elements

Pedagogy based on the **Universal Design for Learning (UDL)** and **Teach for Understanding (TFU)** frameworks:

Engaging multi-media adaptive content for all types of learners

Pre, post, and formative assessments for evidence-based learning

Certificate-based skill development

Diversity & Inclusion

Commons-Digital Town Square™

Recommended Grade Levels: 8th-10th

Bring concepts of American Government and civic engagement to life with primary sources, engaging videos and exciting games. Covering topics ranging from the Bill of Rights to the branches of government. Introduce students to the rights and responsibilities of citizenship, preparing them for a life of participation.

306-African American History™

Recommended Grade Levels: 9th-12th

Introduce students to African-American history in science, academia, music, and the arts via a compelling digital course. Through important primary texts and compelling vignettes, 306 communicates this history in a way that builds shared values and inspires today's youth to become tomorrow's leaders.

STEM Readiness

Future Goals – Hockey Scholar™

Recommended Grade Levels: 4th-7th

Bring science, technology, engineering, and math concepts to life using the exciting, fast-paced game of hockey. Through immersive real-life simulations, students build their understanding of fundamental STEM concepts, such as geometric constructions, energy, and forces. In Hockey Scholar, each module is designed to build students scientific thinking and problem solving skills.

Ignition-Digital Literacy and Responsibility™

Recommended Grade Levels: 6th-9th

Educate students on the risks that technology can bring to their lives and empowers them with the skillset to leverage technology safely and effectively. The course informs students on both the “nuts and bolts” of how technology works and an introduction to STEM careers, while also placing them in virtual environments to tackle issues including privacy, security, cyberbullying, digital relationships, and the viral nature of the web.

Radius-STEM Readiness™

Recommended Grade Levels: 8th-11th

Focus on math, science, and engineering topics such as binary numbers, scientific notation, pythagorean theorem, and probability. Radius reinforces STEM thinking through real-world application of skills, all while exposing students to exciting career opportunities in these growing industries.

Health & Wellness

Healthy Relationships™

Recommended Grade Levels: 7th-9th

Teach students how to cultivate and maintain healthy relationships during critical middle school years in an innovative digital course that uses evidence-based strategies. It covers key concepts around positive character development, social emotional learning (SEL), and building healthy relationships. Allow students to engage with true-to-life scenarios that include bystander intervention strategies and positive relationship examples.

Career Leadership & Success

Venture-Entrepreneurial Expedition™

Recommended Grade Levels: 7th-10th

Guide students through their personal journey to become an entrepreneur. While starting a food truck business, students learn to make informed business decisions about their product, pricing, hiring, marketing, and even their business pitch for a potential investor. At the end of Venture, each student leaves with their own e-Portfolio – a dynamic, visual representation of their personalized business plan and personal career goals.

AlcoholEdu® for High School

Recommended Grade Levels: 9th-12th

Alcohol misuse doesn't just put students at risk, it threatens the ability of schools to achieve their educational objectives. AlcoholEdu® for High School takes a public health approach to preventing alcohol abuse, incorporating evidence-based prevention methods to create a highly engaging user experience. Through this scalable online program, high schools can reach all students with a consistent message and empower them to make safer and healthier decisions about alcohol.
